

Mission Committee Guidelines for Monthly and One-Time Support

These Guidelines for missionary support giving have been established for the following reasons:

Historically, giving has been a subjective decision of the Mission Committee. The Committee desires more definition for these decisions.

The Committee wants a defined method to revise support based on giving in a more timely fashion. Our goal is to not have a large sum of money in the mission fund account. Monies given by the congregation should be forwarded to the field more promptly.

The Committee receives several requests annually for financial help. Guidelines will help establish a fair process to assess these requests.

Guidelines:

Individual / Organization Support:

1. Missionaries serving through GMI and TCM will be given priority as these two organizations support the GGF doctrine.
2. Priority will be given to those who feel called to the mission field from Frontline Bible Church.
3. Priority will be given to individual missionaries over mission organizations.
4. Priority will be given to those missionaries the congregation knows through the missionaries participation with the church through interaction with congregation members, occasional attendance at Frontline Bible Church, participation in Mission Moments, communication of updates, participation at Frontline Bible Church Missions Conference.
5. Personal support to field support ratio will be reviewed for financial need and current support raised, deficit of support to raise.

FLBC Mission Committee:

6. Review of congregational giving will be done in April and October.
7. Commitment of support to missionaries will be for one year, April to April.
8. Contingency fund target is to have two months of support to remain in account.
9. Each missionary / request will be reviewed according to these Guidelines with final decision of support at the prayerful discretion of the Missions Committee.
10. The above Guidelines are subject to change at the discretion of the Missions Committee.
11. Requests for short term missions and special mission projects will have the same criteria applied for decision of financial support.
